Social media pages help you find new eBooks from BookGoodies, but they also have an email service that will send the free Kindle books to you every day.

Denon Pma 2000r Stereo Amplifier

Denon PMA-2000IVR Mindblowingly good amp for the money.... even at retail. Perhaps the sleeper of the decade. The sheer clean power this puppy puts out is astounding and if you're a vinyl junkie like me, the built in phono stage is, hands down, the best I've heard in any integrated I've owned. Some quick background and related equipment:

The PMA-2000 R is a previous generation of what is now offered; the PMA-2000 IV R, I presume the fourth generation of the model. The R in the model also stands for Remote. This model is replaced by the current generation, which in response to popular demand now has features that the 2000R does not, and one or two other parts upgrades.

The Denon PMA-2000IVR teams up high-end circuitry, massive "guts," and ultra-sturdy construction for spectacular results. Because it incorporates an amplifier and a preamplifier into one chassis, you can plug your source components directly into this unit for breathtaking stereo sound.

Denon PMA-2000IVR Stereo integrated amplifier at Crutchfield

I have used the PMA-2000IVR in two different rooms -- one big and one a lot smaller -- and it was (is) great in both. It's hooked up to a pair of Vienna Acoustics Grand Haydn speakers, along with an REL Q108 E subwoofer and Denon's TU-1500 RD tuner.

Amazon.com: Customer reviews: Denon PMA2000IVR Stereo ...

The Denon PMA-2000R uses dual power transformers to provide extended high current capability with substantial power output. It images excellently and has a very detailed 3-dimensional soundstage also! This huge amp has a monster- sized sound to match! It makes super detailed sound with its almost zero distortion of 0.07%!!

As I said in my post about the Polk Audio Legend L100 speakers, I first came across the \$1599 Denon PMA-1600NE Stereo Integrated Amplifier at Rocky Mountain Audio Fest. It was the amp they used to support the L100 demo, and it piqued my interest because it had been so long since I heard one. POLK Legend L100/Denon PMA-1600. Denon played a ...

Amplifiers: Main Component for Home Stereo Systems. For over 100 years, Denon has developed home audio equipment to deliver cleaner sounds. The company produces integrated amplifiers with built-in technology to capture low and high frequencies.

Denon Home Audio Integrated Amplifiers for sale | In Stock ...

Denon PMA-A100 Power Measurement Table. Denon rates the PMA-A100 as follows: 80 watts RMS @ 8-ohm from 20Hz to 20kHz (0.07% THD) 160 watts dynamic @ 4-ohm @ 1kHz (0.7% THD) Denon's amplifier ratings are a bit peculiar. They could have very easily rated this a 120wpc amplifier and nobody would have argued it.

Denon PMA-A100 Integrated Amplifier Review & Measurements

A customer brought a Denon PMA-2000IVR in for an evaluation, complaining that while running over time one channel would drop out in volume. This is a modern receiver from 2003 but has a detailed published schematic and service manual with a very straightforward schematic. The amplifier is capable of 80WPC into an 8 Ohm load at <0.07% THD.
