[PDF] Designing Urban Agriculture | Download Full eBooks ...

Landscape architect April Philips, FASLA, prefaces her new book, Designing Urban Agriculture: A Complete Guide to the Planning, Design, Construction, Maintenance, and Management of Edible Landscapes, by writing, "because the food system in America is broken, the health of our cities and communities are at risk." Indeed, access to healthy food is severely limited in many urban neighborhoods, while industrial agriculture is itself a massively-polluting enterprise.
