### REFERENCE GUIDE FOR BUILDING - LeadingGREEN.com | LEED ...

LEED stands for Leadership in Energy and Environmental Design. It comes from the U.S. Green Building Council (USGBC) and uses a point-scoring system for certification of a building or construction to one of four different levels: Certified (40-49 points) Silver (50-59 points) Gold (60-79 points) Platinum (80+ points.)

### A Step-By-Step Guide to Achieving LEED Certification

The LEED standards are maintained by the U.S. Green Building Council (USGBC), a nonprofit, non-governmental, membership-based organization. While participation in LEED is voluntary, the program owes some of its growth to municipal and state ordinances that have mandated it for public buildings and have offered incentives for private buildings.
